

LET'S Brunch

Brunch is always a good idea, but even better when it is for a great cause!

Please join our special **Buddies WhoBrunch** fundraising event in support of people living with haemophilia and other genetic bleeding disorders this **World Haemophilia Day!**

The money raised will help The Haemophilia Society to continue to provide free vital resources, services and support to everyone in the UK living with a genetic bleeding disorder.

For information about haemophilia and The Haemophilia Society visit:
